Thank You for Joining Us!

We're very glad to have had you at the 10th Congress of the European Academy of Paediatric Societies, EAPS 2024, in Vienna! From world-class networking opportunities and learning new best practices to acquiring a global perspective of the current state of paediatrics, this congress provided state-of-

the-art knowledge and connections that we hope transformed not only your career but the field globally.

Thank You For Joining Us At EAPS 2024

Thank you of attending the 10th Congress of the European Academy of Paediatric Societies (EAPS 2024) that was held in Vienna on 17 – 20 October 2024.

As we conclude, we want to express our deep gratitude for your participation. Over the past few days, this event became a vibrant hub of knowledge, collaboration, and innovation. From insightful discussions and hands-on workshops to cutting-edge research presentations, EAPS 2024 has been an inspiring experience, thanks to each of you.

We are confident that the connections made and the knowledge shared here will continue to make a positive impact on paediatric healthcare worldwide. Thank you for being part of this remarkable journey.

- Advance paediatrics
- Explore new science
- Gain hands-on experience
- Network & Collaborate
- Shape the future of child health

IN-PERSON & ONLINE – WHICH IS FOR ME?

- Experience the vibrant atmosphere of Vienna! Join us for in-person sessions, connect with colleagues, and create shared experiences that will shape your future collaborations.
- Can't make it to Vienna? No worries! Stay connected online from WHEREVER YOU ARE to stay up-to-date with the latest in paediatric science.

[The European Academy of Paediatrics](#) (EAP) exists to promote the health of children and young people in Europe. It aims to improve standards in training, service and research and to represent the professional interests of paediatricians in the EU.

[The European Society for Paediatric Research](#) (ESPR) has been at the forefront of Paediatric medical care and innovation since 1958. It is the ESPR's mission to develop and apply research to improve newborn and child health – from bench to bedside.
