

Scientific Programme

We're thrilled to present the inspiring and cutting-edge scientific programme that awaits you in Vienna and Online this October.

[Interactive Programme](#)[Programme at a Glance](#)

This Programme is a rich tapestry of knowledge, innovation, and collaboration that defines EAPS 2024. Our esteemed committee has meticulously curated a programme that will bring together the finest minds in paediatrics, providing a platform for the exchange of ideas, the discussion of critical issues, and the celebration of breakthroughs.

Session Descriptions

PLENARY SESSIONS highlight specific topics and breaking news with outstanding international speakers.

EDUCATIONAL SYMPOSIA & MEET THE EXPERT SESSIONS cover a broad range of topics, each chaired by senior experts in an interactive setting where you have the opportunity to discuss the topic with the experts.

PARALLEL SYMPOSIA cover the latest hot topics in the field. Top speakers on subjects you need to get updated on plus recent research from abstract submitters.

SHORT ORAL PRESENTATIONS & POSTER DISCUSSIONS give you access to all the latest research and reviews from presenters in Europe and globally.

YOUNG INVESTIGATOR AWARDS showcasing the top scored abstract presenters who will compete for a society award through their lecture presentation.

INTERDISCIPLINARY SESSIONS discussing topics that are

relevant to all, no matter what your background and focus is.

PRE-CONGRESS COURSES hands-on courses focusing on key topics and training. Note – additional registration payment is required for courses.

TOMORROW'S WORLD SESSIONS focus on the key topics of the future in the field. Don't miss these fascinating sessions.

CAMPFIRE SESSIONS highlight topical debates and panels with vibrant faculty members.

We're thrilled to present a first look at the comprehensive and cutting-edge program that awaits you in this distinguished Congress.

This Programme at a Glance provides a snapshot of what's to come – a sneak peek into the rich tapestry of knowledge, innovation, and collaboration that will define EAPS 2024. Our esteemed committee has meticulously curated a program that will bring together the finest minds in paediatric medicine, providing a platform for the exchange of ideas, the discussion of critical issues, and the celebration of breakthroughs.
