08:30-16:30	Pre-Congress Course 1: European School of Neonatology (ESN) NEVAT course - Neonatal vascular access	Pre-Congress Course 2: European School of Neonatology (ESN) Neonatologist performed Echocardiography	Pre-Congress Course 3: European School of Neonatology (ESN) How to treat and care for the micropreemie: Pharmacotherapy and beyond	Pre-Congress Course 4: European School of Neonatology (ESN) Neonatal Cranial Ultrasound, meet the experts	Pre-Congress Course 5: European School of Neonatology (ESN) High-Fidelity Simulation Training	Pre-Congress Course 06a / 06b 1st session: 09:00-12:00 / 2nd session: 13:00 - 16:00 European School of Neonatology (ESN) Neuromonitoring in the NICU and PICU	
17:30-19:10	Hall F Hybrid Hall Opening Ceremony & Plenaries I & II WHO European strategy for child and adolescent health and wellbeing Natasha Azopardi Muscat, Denmark Women in Paediatrics Donna Ferrero, USA						
19:10	Welcome Reception (taking place in the Exhibition Area)						

Friday, October 18, 2024							
	Hall F Hybrid Hall	Hall E1 Hybrid Hall	Hall E2 Hybrid Hall	Hall M	Hall L1 + L2	Hall N1	Hall N2 Interactive hands on workshops
08:00-08:50	Educational Symposium + Meet the Experts - Pain (EAP)	Educational Symposium + Meet the Experts - The changing landscape of RSV infections (ESPR)	Educational Symposium + Meet the Experts - Beyond the neonatal intensive care unit: Outcome prediction in infants with the more common (acquired) neurologic problems in the NICU and how to counsel parents (ESPR)	Educational Symposium + Meet the Experts - Food allergy (EAP)	Educational Symposium + Meet the Experts - Childhood Nephrotic Syndrome (EAP)	Educational Symposium + Meet the Experts - Tailoring respiratory Care in NICU (ESPR)	Workshop: Translational research in perinatology
08:00-08:15	08:00-08:30 Long-term effects of neglecting procedural analgesia and anxiolysis Piet Leroy, Netherlands	Novel strategies to prevent RSV infections Angelika Berger, Austria	Outcome prediction in preterm brain injury Sylke Steggerda, Netherlands	EAACI guidelines on the diagnosis of IgE-mediated food allergy Thomas Eiwegger, Canada	Acute treatment options Olivia Boyer, France	Tools and strategies to individualise surfactant therapy Anna Lavizzari, Italy	
08:15-08:30	08:30-08:45 The use and the abuse of painkillers in children Karel Allegaert, Belgium	Changes in the epidemiology of viral respiratory tract infections in newborns and children François Angoulvant, France	Outcome prediction in full-term brain injury Linda de Vries, Netherlands	Update on peanut allergy Zsolt Szepefalusi, Austria	Long-term approach Aoife Waters, Ireland	Tools and strategies for a successful extubation Richard Sindelar, Sweden	
08:30-08:50	Ask the experts	Ask the experts	Ask the experts	Ask the experts	Ask the experts	Ask the experts	
08:50-09:00	Short Break						

09:00-10:00	Plenary III Paediatric pain: Understanding the mechanisms that drive paediatric pain Rebecca Slater, UK						
10:00-10:30	Coffee Break, Poster Viewing, Visit Exhibition Area						
10:30-11:50	ESPR Session: Lung function trajectories across the lifespan following preterm birth	ESPR Session: How to reconcile efficient sepsis care and antimicrobial stewardship?	EAP Session: Gene therapy	EAP Session: Ready for future paediatric care?	Interdisciplinary Session: Lessons learned from registries of rare lung diseases and ways forward	Debate - Paediatric Surgery: To operate or not to operate?	Workshop: Translational research in perinatology CONT
10:30-10:50	Lung function trajectories in NICU: current monitoring tools and interventions to alter unfavorable course Anna Lavizzari, Italy	Management of neonatal sepsis James Wynn, USA	The unexpected cure Alessandra Biffi, Italy		Lifelong manifestations of TBX4 syndrome: lessons from the TBX4Life collaborative Olivier Danhaive, Belgium	Hernias and appendicitis Nigel Hall, UK	
10:50-11:10	Lung function trajectories in adults born preterm: what do we know, what should the patients know for avoiding an earlier decline Luca Bonadies, Italy	Antibiotics at the beginning of life: less is more Martin Stocker, Switzerland	Gene therapy for congenital myopathies: potential benefit and cautionary tales Astrid Blaschek, Germany		Chronic interstitial lung disease in children Matthias Griese, Germany	Guidelines and techniques for renal pelvic dilatations Holger Tili, Austria	
11:10-11:50	Oral presentations	Oral presentations	Oral presentations	Oral presentations	The genetics of neonatal pulmonary hypertension Matina Prapa, UK New approaches to studying neonatal PH: The RePHIne Registry Nim Subhedar, UK	Discussion	
11:50-12:00	Short Break						
12:00-13:00	Short Oral Session (8 presentations - 7 min per short oral - 5+2 min) Rapid Fire Orals 12:10-13:00 at the Poster Area in the Exhibition - 5 min per e-poster presentation - 3+2 min						
13:00-14:30	Break, Poster Viewing, Visit Exhibition Area						
13:00-14:30	(13:00-14:30) Industry Symposium I (not included in main event CME/CPD credit)						
14:30-16:00	ESPR Session: Neuroprotective drugs in neonates	EAP Session: Infections and vaccinations	EAP Session: The Bug and the Gut	ESPR Session: Neonatal Transport Research and Delivery	Interdisciplinary Session: Paediatric radiology	Dermatology	Workshop: Atraumatic lumbar puncture
14:30-14:50	What is new in neonatal epilepsy treatment? Roberta Cilio, Belgium	Invasive bacterial infections in children. What's new? José Gonçalo Marques, Portugal	Intestinal microbiota, probiotics and child health Hania Szajewska, Poland	Neonatal Transport - Current evidence-base and research priorities Don Sharkey, UK	14:30-15:00 Congenital cerebral infections: how can radiology help? Caroline Vande Walle, Belgium	Recent developments and advances in acne treatment Elena Thomaidou, Cyprus	
14:50-15:10	What is new in neuroprotection for HIE? Nikki Robertson, UK	Chronic cough in children. When to perform further investigations? Angela Zacharasiewicz, Austria	Can bacterial interventions prevent infantile colic? Walter Mihatsch, Germany	Using transport quality metrics to improve neonatal outcomes Itziar Marsinyach Ros, Spain & Cath Harrison, UK	15:00-15:30 Evolution on radiation exposure in children? Willemijn Klein, Netherlands	Recent developments and advances in atopic dermatitis Peter Höger, Germany	
15:10-16:00	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Discussion	Oral presentations	
16:00-16:30	Coffee Break, Poster Viewing, Visit Exhibition Area						
16:30-17:30	ESPR Session: Palliative Care: doing it right for the benefit of the child and family	EAP Session: Diagnostic tools: Self-triage for the acute primary care needs of children	EAP Session: Research management in Paediatric Hospitals	ESPR Session: Twin transfusion disorders	Interdisciplinary Session: Advancing understanding in Pulmonary Hypertension	EAPS Quiz	

16:30-16:50	What we measure and what we can improve in pediatric and neonatal palliative care Katie Gallagher, UK	Diagnostic tools to support self-triage in primary care paediatrics Marcin Dziekiewicz, Poland	How do we integrate research governance into paediatric care? Zsolt Szepefalussy, Austria	Complicated monochorionic twin pregnancies; TTTS, TAPS and sUGR Liesbeth Lewi, Belgium	The genetics of neonatal lung disease and pulmonary hypertension Theodore Dassios, UK		
16:50-17:30	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Oral presentations		
17:30-17:45	Short Break						
17:45-18:45	Industry Symposium II (not included in main event CME/CPD credit)	Industry Symposium III (not included in main event CME/CPD credit)					

Saturday, October 19, 2024							
	Hall F Hybrid Hall	Hall E1 Hybrid Hall	Hall E2 Hybrid Hall	Hall M	Hall L1 + L2	Hall N1 Relax and discuss sessions	Hall N2 Interactive hands on workshops
08:00-08:50	Educational Symposium + Meet the Experts - Eating disorders (EAP)	Educational Symposium + Meet the Experts - Antibiotic stewardship (EAP)	Educational Symposium + Meet the Experts - Ethical considerations at the border of viability (22-23+) weeks (ESPR)	Educational Symposium + Meet the Experts - Neonatal Advanced Life Support, Training, and Technology (ESPR)	Educational Symposium + Meet the Experts - Primary Care Paediatrics (EAP)	Educational Symposium + Meet the Experts - Making Room for Improvement: Revisiting the research and improvement paradigms to optimise clinical practice (ESPR)	Workshop: Hands on innovative ventilation and monitoring techniques - clinical scenarios
08:00-08:15	An update on models of aetiology and treatment Marguerite Dunitz, Austria	The challenge of shortening the antibiotic therapy Daniele Dona, Italy	Experiences from a country supporting infants from 22 weeks (e.g. Sweden) Marco Bartocci, Sweden	08:00-08:20 Neonatal Advanced Life Support (NALS) Training Marje Hogeveen, Netherlands	Paediatric ocular emergencies	Introduction to QI, QI methodology, Top scoring abstracts on QI in neonatal care Minesh Khashu, UK & Aniko Deierl, UK	
08:15-08:30	Predictors of therapy success in obese children Michał Brzeziński, Poland	Antibiotic prescribing in primary care: Harmonizing risk and resistance Catarina Gouveia, Portugal	Experience from a country not supporting infants from 22 weeks Lien de Proost, Netherlands	08:20-08:40 Integrating new technologies to support neonatal airway interventions (RFM, Videolaryngoscopy, Videorecording) Robyn Dvorsky, Austria	What the paediatrician should know about an infant with cleft Christodoulos Laspos, Cyprus		
08:30-08:50	New obesity treatments Inge Gies, Belgium	Meet the experts	Meet the experts: Panel Chaired by Angelika Berger, Austria	08:40-08:50 Panel discussion	Meet the experts		
08:50-09:00	Short Break						
09:00-10:00	Plenary IV The effect of poverty on the life of a child Michael Marmot, UK						
10:00-10:30	Coffee Break, Poster Viewing, Visit Exhibition Area						
10:30-11:50	ESPR Session: Nutrition and neonatal morbidities	EAP Session: Endocrinology	EAP Session: RSV	ESPR Session: Pathway of Caring: from Hospital to Home	Interdisciplinary Session: Socio-economical health in children	Caring for children with differences of sex development	Workshop: Hands on innovative ventilation and monitoring techniques - clinical scenarios CONT
10:30-10:50	Nutrition and Bronchopulmonary Dysplasia Miguel Saenz de Pipaon, Spain	Back to the future: prevention of type 1 diabetes	Maternal RSV vaccination: do we have valid clinical endpoints?	The start: developmental outcomes are the priority in care Mary-Ann Ryan, Ireland	How does family income and education influence child mortality in a welfare society? Ketil Stordal, Norway	In infants Martine Cools, Belgium	
10:50-11:10	Nutrition for growth restricted neonates sylvia Iacobelli, France	Approach to the child with hypoglycaemia in the emergency department Colin Hawkes, Ireland	How do those admitted for bronchiolitis do as young adults? Robert Ross Russell, UK	Neonatal homecare: the continuum of care Kristina Holm, Sweden	How to improve children's socio-economic vulnerability Ann De Guchteneere, Belgium	In adolescents Joe Brierley, UK	
11:10-11:50	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Discussion	
11:50-12:00	Short Break						
12:00-13:00	Short Oral Session (8 presentations - 7 min per short oral - 5+2 min)						
Rapid Fire Orals: 12:10-13:00 at the Poster Area in the Exhibition - 5 min per e-poster presentation - 3+2 min							
Break, Poster Viewing, Visit Exhibition Area							
13:00-14:30	(13:30-14:30) Meet the Expert Session (not included in main event CME/CPD credit)	(13:30-14:30) Meet the Expert Session (not included in main event CME/CPD credit)	(13:30-14:30) Meet the Expert Session (not included in main event CME/CPD credit)	(13:30-14:30) Meet the Expert Session (not included in main event CME/CPD credit)	(13:30-14:30) Meet the Expert Session (not included in main event CME/CPD credit)	(13:30-14:30) Meet the Expert Session (not included in main event CME/CPD credit)	
14:40-15:00	Break						

15:00-16:30	EAP Session: Critically ill	ESPR session: Care of the Preterm Infant	EAP Session: Mental health	ESPR Session: Updates on Neonatal Transfusion	Interdisciplinary Session: Isolated white matter abnormalities on neonatal MRI in congenital CMV: what do they mean?	Late Breaking Orals:	Workshop: Writing successfully for publication
15:00-15:20	Go with the flow! Padmanabhan Ramnarayan, UK	Skin-to-skin contact for very preterm infants - an opportunity to re-visit the Golden hours concept Agnes Linner, Sweden	Nonsuicidal self-injury: Risk factors among adolescents Judit Balazs, Norway	Preventing iatrogenic anemia in preterm infants & transfusion threshold recommendations Emöke Deschmann, UK & Genny Raffaelli, Italy	White matter abnormalities in congenital CMV: hearing and motor outcomes Caroline Vande Walle, Belgium		
15:20-15:40	Don't go with the flow! Tom Schepens, Belgium	Normothermia in preterm neonates after birth – is it feasible with delayed cord clamping? Lukas Miledler, Austria	Autism and learning disabilities Joaquin Fuentes, Spain		Qualitative MRI and diffusion-weighted imaging of isolated white matter abnormalities in congenital CMV Ana Alarcon, Spain		
15:40-16:30	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Oral presentations		
16:30-17:00	Coffee Break, Poster Viewing, Visit Exhibition Area						
17:00-18:00	ESPR Session: Longterm impact of antenatal steroids	EAP Session: Miscellaneous	Interdisciplinary Session: Neurocritical care in congenital heart disease (Mentee from ESPR and Bea Latal	EAP Session: Genetics	ESPR Session: Pollution and neonatal health	Open Mike Session	Workshop: Writing successfully for publication CONT
17:00-17:20	Administration of antenatal steroids: a balancing act Thomas Schmitz, France	Top ten of don'ts in paediatrics Ketil Stordal, Norway	Effect of the home environment on outcome following congenital heart disease Serena Counsell, UK	The genetics of inflammatory bowel disease in early childhood	Pollution and outcome in neonates Jakob Usemann, Switzerland		
17:20-18:00	Oral presentations	Oral presentations	17:20-17:40 Perioperative neuromonitoring in congenital heart disease and its impact on neurodevelopmental outcomes Marta Camprubi, Spain	Oral presentations	Oral presentations		
			17:40- Discussion				
18:00-19:00	ESPR Bengt Robertson Award Imaging the transition to air breathing at birth. What have we learnt? Stuart Hooper, Australia						

Sunday, October 20, 2024							
	Hall F Hybrid Hall	Hall E1 Hybrid Hall	Hall E2 Hybrid Hall	Hall M	Hall L1 + L2	Hall N1 Relax and discuss sessions	Hall N2 Interactive hands on workshops
08:00-08:50	Educational Symposium + Meet the Experts - Cord clamping - where to from here? (ESPR)	Educational Symposium + Meet the Experts - Emergency medicine (EAP)	Educational Symposium + Meet the Experts - Neurology (EAP)	Educational Symposium + Meet the Experts - How to keep up the manual skills of the trainees in a field that is constantly becoming less invasive? (ESPR)	Educational Symposium + Meet the Experts - Sport Medicine (EAP)	Educational Symposium + Meet the Experts - Auditing delivery room management (ESPR)	Workshop: Lactation and breastfeeding: Ensure babies thrive whilst keeping parents on your side
08:00-08:15	Physiological-based cord clamping - A good strategy for every infant and preterm babies? Ronny Knol, Netherlands	How to distinguish bacterial from viral infections in febrile children at the emergency department? Roberto Velasco Zúñiga, Spain	Tics: when to worry? Tiago Proença-Santos, Portugal	Manual skills in neonatology: how do we maintain in a field that is becoming less invasive Colm O'Donnell, Ireland	Guidelines pre-sport evaluation	Video recording delivery room management for auditing: advantages and considerations Ruben Witlox, Netherlands	
08:15-08:30	Resuscitation and cord clamping: recent updates Maximo Vento, Spain	Sepsis and septic shock in febrile children : when to suspect? Jef Willems, Belgium	Auto-immune encephalitis: when to suspect? Margherita Nosadini, Italy	Telmedicine in neonatology Irwin Reiss, Netherlands	Information post-hospitalisation Kristof Vande Kerckhove, Belgium	Video recording delivery room management for quality improvement - from a multicenter perspective Michael Wagner, Austria	
08:30-08:50	Meet the expert	Meet the expert	Meet the expert	Multifactorial educational training on the management of preterm infants Katrín Klebermass-Schrehof, Austria	Meet the expert	Meet the expert
